

## JOB PROFILE

**POSITION:** Elementary Bilingual Mathematics Teacher

**JOB LOCATION:** Beijing

**REPORTS TO:** Elementary School Principal

---

### Responsibilities and Duties

*Using Daystar's Planning Framework, our teachers:*

- Plan scaffolded and differentiated learning experiences aligned with clear standards-based outcomes
- Utilize varied and effective instructional and assessment strategies, including structured and guided inquiry approaches and problem-based learning, to engage all students in rigorous, meaningful, and authentic learning
- Utilize standards-aligned formative and summative assessment data to inform instructional planning and delivery
- Engage in reflective practice and professional development aimed at improving classroom practice
- Collaboratively plan with Chinese and English colleagues within and across disciplines

*Beyond classroom academic instruction, our teachers:*

- Create a safe and supportive classroom environment that encourages critical and creative thinking
- Communicate effectively with all Daystar community stakeholders, including students, parents, colleagues, and administrators
- Support whole-child development as homeroom advisors and/or projects supervisors
- Collaboratively plan and participate in co-curricular activities and events
- Other duties, as assigned by the Elementary School Principal

### Qualifications & Requirements

- Minimum of a bachelor's degree is required
- Fully qualified teacher status
- A strong knowledge of differentiation strategies
- Successful experience as a Math teacher in a PYP classroom
- Fluent in communicating in English and Mandarin (required)
- Open-minded, enthusiastic, and demonstrates a willingness to embrace a unique, multicultural school culture
